High Performance Rally Driver to Share His Stories

On Wednesday, October 26 at 7 p.m., local resident John Smiskol will describe his experiences as a navigator and driver in high speed automotive performance rallies at the Grayslake Heritage Center & Museum. This is an exhilarating sport and a program not to be missed, with great stories, images and film footage. Smiskol participated in rallies from 1962-1982, and revisited the sport from 1998-2004. Visit the museum's automotive exhibition, *Maps, Motors & Memories* before or after the lecture.

The Grayslake Heritage Center & Museum is located at 164 Hawley Street in the heart of downtown Grayslake. For more information, contact Dave Oberg, Executive Director at 847-543-1745 or doberg@villageofgrayslake.com.
