Project: Library Bike Path Extension

Currently there are no pedestrian facilities connecting the Grayslake Aquatic Center bike path to the onsite sidewalk at the Grayslake Public Library to the south. The Village would like to extend a bike path from the east side of the western entrance to the Aquatic Center, crossing the roadway and extending into the Library District property at 100 Library Lane. A base plan was prepared for this work in 2019, which is to be updated and bid in 2020.

Scope of Services

The work required consists of the following tasks:

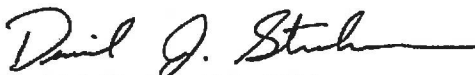

- ◆ GHA will update the previously prepared preliminary engineering plan per direction received from the Village.
- ◆ GHA will prepare a final construction plan, to be bid with a larger project such as the 2020 Road Program to ensure competitive prices.

Estimate of Manhours and Fee

Billing for the project will be on a time and material basis with an estimated budget of \$1,000.00. This fee will not be exceeded without prior written approval of the Village. We anticipate a February 2020 bid opening.

Gewalt Hamilton Associates, Inc.
